PURPOSE: To keep you informed of Career and Job Notifications we receive that include the Northeast Ohio area.

SOURCE OF CAREER & JOB INFORMATION: We are fortunate to be in touch with several individuals who pass along information regarding employment possibilities in Northeast Ohio. The most effective way to pass along this information to those who might benefit is by direct e-mail.

YOUR E-MAIL ADDRESS: Your e-mail address is safe with us and will be used only to pass along information that we receive. To insure your privacy, we will pass along the information we receive using Blind Carbon Copy. Your e-mail address will not be sold or used for any other purpose.

EMPLOYMENT NOTIFICATION CONTENT: The content we pass along is exactly what we receive. We are not responsible for any errors, misrepresentations, or file content. Although we open all attachments before forwarding to you and believe them to be virus-free, please understand that it is YOUR RESPONSIBILITY to insure that your virus protection is current before opening any files. Because we pass along information as a public service, we are not staffed to categorize or otherwise comment on the offerings we pass along.
